OFFICE OF THE PRESIDENT

Dear Newcomers to Salve:

It is my great pleasure to introduce you to the Salve campus community through the 1989 New Student Record. We do want you to know one another in true friendship and to win friendly recognition from our faculty, staff and returning students.

Your portrayal here together takes on special significance. Coming from varied locales and backgrounds, you now share a commitment to our Salve goals and expectations. Together you will gain the living experience of our intellectual and moral values -- of genuine growth in mind and spirit.

In a few brief years we expect to see you pictured in the Senior Yearbook -- but with a difference. These intervening years spell out challenge and opportunity. They should bring you to the threshold of self-confident maturity and professional competence. They are years when you will have time to work toward being your own best self and toward bringing forth the best in others. Determine to make the most of these precious years.

Your collective portraits further underscore that you are not alone in the intellectual, cultural, and spiritual adventure which represents a Salve education. We want to share your joy in learning, your delight in solid achievement, and even your problems and perplexities.

All of us -- administrators, faculty, staff and students -- are pledged to help, to counsel, to encourage, to inspire, and to pray for one another. Embrace wholeheartedly that family spirit, and Salve offers in return the opportunity for you to make these some of the most memorable and rewarding years of your lives.
