

Memories of 1964-1968

As part of the celebration of our 50th Reunion, we are asking our classmates to contribute to a legacy project which will be donated to the University archives. Please consider participating by:

- Looking over your photos not found in our yearbook, such as those you saved of your friends in a dorm activity, as part of commuter life, during theater or athletic practices.
- Reflect and write down “three takeaways” from our years at Salve Regina i.e. anecdotes of who or what guided your spiritual, personal, or professional paths.
- Donating evidence of Salve academics or extracurriculars. Do you have an undergraduate thesis, poetry, drawing, or short story, a science or nursing notebook or a reading list for your major?

Your contributions will be on display during the reunion weekend at one of our special events.

Send digitized images and typed reflections to the Facebook page for the Class of 1968. [The link to the page is https://www.facebook.com/SalveRegina1968/](https://www.facebook.com/SalveRegina1968/) . We ask that you send items that are material culture of our era to:
