Reflections on Salve Regina

June 1, 2018

Salve Regina was such a beautiful place to begin a college journey. The dear friends who I met throughout those four years, as well as the faculty, especially Sister Kathryn Mary, RSM, in the Education Department, helped shape me as a young woman. I went on to teach elementary school for five years, married, and stayed home with my three children. Later, I went back to college for a sixth year and taught seventh grade language arts for fifteen years until retirement. Presently, Tim, and I travel, volunteer often in various ministries at St. George Church, and are very blessed to be with our fourteen grandchildren.
