Salve Regina - The Newport College

Newport, Rhode Island 02840
847-6650

Published for the Salve Regina College Community on a weekly basis by the Office of Public Information,
Extension 223. Deadline date for Notices: Tuesday, NOON time.

Vol. 5, No. 17

February 23, 1978

"Then Justice will dwell in the wilderness...
and righteousness abide in the fruitful field.
And the effect of righteousness will be peace,...
and the result of righteousness quietness
and trust forever." Isaiah, Chapter 32, Verse 16-17

MARCH 7, 8, 9, 1978 will be important days for The Newport College Salve Regina Community. From Tuesday noon until Thursday noon we will all be sharing an educational experience that is a first for the College. The Peace and Justice Symposium will bring on campus nationally and internationally renowned scholars. Each recognized expert will address the theme of Peace and Justice which this academic year has been dedicated to exploring.

The total College Community involvement in these days should be most stimulating and enjoyable for all. It will be a unique learning experience that will benefit everyone.

In order to insure yourself a place for each lecture, please return your symposium registration form to the Office of the Dean of Students as soon as possible.

PARKING

Since the announcement that Salve received permission to use the Breakers parking lot, very few students have taken advantage of this off-street facility. Students are again reminded that, due to the snow, a very dangerous situation exists along Ochre Point Avenue. With cars parked on both sides of the street travel is reduced to a one-way traffic pattern. Pedestrians transiting along the street before and after classes with cars parked on both sides of Ochre Point Avenue make for hazardous driving conditions. We urge all students to take advantage of the Breakers parking lot and to help reduce this dangerous situation for the College Community. Remember, "The life you save may be your own."

Attention 1978 Graduates

The official list of graduating students will be presented to the Board of Trustees for approval at its meeting in April. Students who expect to graduate in May should have filed for degree by the end of February. Only those who have filed for degree will be on the list. This list will be posted in O'Hare Academic Center and at satellite campuses for students to check. Information about graduation will be sent out in late March to those on the list.

Dr. Thomas Schmidt, Rhode Island Commissioner of Education, will give a lecture entitled: "The Peoples Republic of China - Education and Change" on Sunday, February 26, 1978 at 7:30 p.m. in Ochre Court. The lecture is sponsored by the Newport Council for International Visitors. Refreshments will follow the lecture. The public is invited.

Sister Mary Smith, College Archivist, attended a luncheon meeting at the Faculty Club of Brown University recently. The purpose of this meeting was to discuss possibilities of setting up mechanisms of sharing conservation apparatus, establishing complementary but distinct collection areas, and sharing in various other areas. This meeting was sponsored by the John Hay Library Archives Division, by Mr. Clifton Jones, Manuscript Curator.

Peter Sellers and George C. Scott will make you laugh until you cry when they star in "Doctor Strangelove - Or How I Learned to Stop Worrying and Love the Bomb," on February 26. The show is at 7 & 9 p.m. and the cost is \$1. "...outrageous, daring, devilish..."

Blood Drive

The blood drive which was scheduled for February 13, 1978 has been postponed until February 27, 1978. The blood drive, which is being sponsored by Health Services in conjunction with Newport Hospital, will be held in the study lounge of O'Hare Academic Center from 2 p.m. - 5 p.m. We invite the entire College Community to participate in this life giving event.

Dr. James Hersh is publishing an article entitled "Ancient Celtic Incubation" in the spring issue of The Sundance Journal. This article shows that the Celts of the 4th Century A.D. were taught the healing practice of dream incubation by the Romans. This fact has not been known before. To research this paper Dr. Hersh visited the site of the ancient temple at Sydney in Gloucestershire on the border of England and Wales. This paper was delivered at the Annual Meeting of the American Association of the History of Medicine in May 1977.
