WE NEED YOUR ASSISTANCE

We are asking for your assistance and cooperation with a survey on alcohol use. No specific facts are available on the patterns of alcohol use and its related effects on the behavior of members of the Newport College community. With your cooperation this survey will assist us in assessing the need for and development of alcohol education programs that can be of benefit to all members of the College community.

This survey has been approved by the Administrative Council. It is the result of many months work and collaborative efforts of several faculty members and administrative staff personnel as well as students. The survey will be distributed next week to every student, faculty and staff member; each member of the Newport College community is being called upon to participate.

A special "mail box" - Box 1981 - will be located in O'Hare Academic Center lobby beginning March 30th for early returns. Using this system for returns will help save postage. In any event, the deadline for returns is Friday, April 24th.

Your assistance and cooperation in conducting this survey will be appreciated. Be assured that the information derived from the survey results will be used to develop programming for the benefit of all in the Newport College community.
