Dear Mr. Ebner:

I'm enclosing information on a Bicentennial Education Program at Salve Regina College, Newport, Rhode Island.

The program is the only one of its kind in the country as far as I know, and I think many of your people would be interested in participating. They can learn about our national heritage while receiving college credit for it. The program is only a few weeks long and participants do not have to be college students. Anyone can enroll.

The story could be used in your newsletter. Please rework it from whatever angle you'd like. If you have any questions, just call me. I'll be happy to help you.

I've also enclosed a poster on the program that is being circulated nationally ... it could make an interesting visual for your newsletter.

Cordially,
