Salve Regina The Newport College

Newport, Rhode Island 02840

Published for the College Community on a weekly basis by the Office of Public Relations. Deadline Tuesday, NOON.

Volume 10 No. 4

October 1, 1981

THANK YOU!

The Admissions Staff wishes to thank all the members of the College Community for their assistance in helping to make the Open House Program a success again this year. Approximately 1,000 people had the opportunity to visit the Campus and become acquainted with the College.

MINDPOWER

Preserve it. Support quality education.

Next week you may be hearing and seeing the slogan "America's Energy is Mindpower....Support our colleges and universities." The week of October 3-11 has been designated as "Mindpower Week" by the Council for Advancement and Support of Education. The purpose is to focus attention on the importance of higher education; the goal is to strengthen support, on many different levels, for our nation's colleges and universities. Salve is participating with 1100 other colleges and universities in this observance. Though next week is a special celebration, the campaign continues throughout the year until July '82.

You will be hearing more about this campaign observance on campus, in our literature, and in the media locally and statewide. If you would like more information, e.g., camera-ready art, campaign slogans, background material, to use with your organization or in public speaking, please don't hesitate to call the Public Relations Office. Your help in carrying this important message to others is greatly appreciated.

WHAT'S THE FUTURE OF SPECIAL EDUCATION?

FUTURE OF SPECIAL EDUCATION TO BE ADDRESSED BY NOTED EDUCATOR

The "Future of Special Education" is the topic of an address to be given by noted educator Larry Lieberman on October 6, 1981, at O'Hare Academic Center. The free lecture, organized by the Rhode Island Council for Exceptional Children, will begin at 7:30 p.m.

NEWSBULLETIN

WHAT'S THE FUTURE OF SPECIAL EDUCATION?(CONTINUED)

Mr. Lieberman has addressed audiences nationwide on special education issues. A college professor, he is also associate editor of the Journal of Learning Disabilities. Issues discussed on October 6 at Salve will be of particular interest to teachers and parents. The lecture is free.

President of the Rhode Island Council for Exceptional Children is Dr. Daniel McGregor, an associate professor of special education at Salve. The Newport College is noted for having a large and active Student Chapter of the Rhode Island Council for Exceptional Children.

BLOOD DRIVE

Our next blood drive shall be held Wednesday, October 7, 1981, in O'Hare Academic Center in the student lounge from 10 a.m.-3 p.m. We hope we shall have the best response yet. Be sure to keep October 7 in mind as an important day.

ILLEGAL PARKING

The Newport Police Department has informed the college Security Office that many cars are being parked illegally on the streets adjacent to the college.

Cars are being parked too close to the street corner, obstructing the intersection, parking diagonally off the street on the sidewalks and parking against normal traffic flow pattern. (Left wheel to curb.)

Vehicles which are illegally parked will be ticketed by the Newport Police Department. Illegally parked cars which present a safety hazard to the community will be ticketed and towed.

SAFETY NOTE:

Remember, personal safety is your responsibility. Streets adjacent to the college are continuously congested with parked vehicles.

Students walking in the street when going to or coming from class present a very hazardous situation.

It is also illegal to walk in or on the road in the state of Rhode Island.

Life is precious. Preserve it!

Never leave valuables such as pocketbooks, cameras, briefcases lying on the seat of your car. Place valuables in the trunk of your car or take them with you.

Personal property safety is your responsibility. Don't be a victim of your carelessness.
