Newport, Rhode Island 02840

Published for the College Community on a weekly basis by the Office of Public Relations. Deadline Tuesday, NOON.

VOLUME 11, NUMBER 33

JULY 15, 1982

COLLEGE WILL BUILD NEW RESIDENCE HALL

On Monday evening, July 12, the Newport Zoning Board of Review voted unanimously to approve a petition that allows the College to build a new residence hall for 146 students on the Moore Hall site, now owned by the College.

Plans for the new construction were designed by the architectural firm of Robinson Green and Beretta. The building has been designed in such a manner so as to project a residential, comfortable character -- features in keeping with both College residential life policy and the unique qualities of our neighborhood. The architects' solution also takes into consideration the importance of preserving the trees and vegetation on this lovely site.

Sister Therese Antone, who coordinated the petition effort, indicates that with this new development the College moves an important step forward toward its goal of housing almost all resident, full-time students in College owned property. A target date for occupancy in the new residence hall will be set during the next few months.

SALVE REGINA AWARDED COMPUTER EQUIPMENT BY DIGITAL

Digital Equipment Corporation (Maynard, Mass.) has awarded Salve Regina - The Newport College more than \$83,000 in two computer hardware and software equipment grants, Sister Therese Antone, vice president of institutional advancement, announced today.

A GIGI 5-Pack VT-103BA component set, awarded through Digital's Special Equipment Grant Program, will be used this fall in the computer science program, mathematics department and several arts and science programs. It will also support an expanding curriculum in these areas.

One of the grants includes five GIGI terminals and a graphics printer. The terminals are designed to connect to a host computer and will provide the necessary hardware and software for graphics courses within the mathematical sciences depart-

DIGITAL (CONT.)

ment and other academic areas including art and graphic design.

The VT-103BA component set contains four video terminals, four printer terminals and necessary software. Each video terminal is a microcomputer containing cassette tapes for loading data interfaced to create a microcomputer system. The equipment will support existing computer science curriculum which includes assembly language, microprocessor, system programming and computer architecture courses.

In addition, the VT-103BA will be used by students and faculty conducting academic and research projects established in conjunction with Aquidneck Island businesses.

According to Sister Therese, the College has been working for several years to integrate the use of computers in the College curriculum. "Computer literacy is emerging as an integral part of a Salve education."

Digital's Special Equipment Grant program was designed to help colleges and universities strengthen their teaching and research laboratories within engineering, computer science and other disciplines.

LEGAL ASPECTS OF SPECIAL EDUCATION LEGISLATION FOCUS OF WORKSHOP

"Legal Aspects of Special Education Legislation and Litigation," an educational workshop designed for parents, teachers, administrators and lawyers will be offered July 26 - August 5.

The three-credit workshop will meet for nine sessions, Monday through Friday from 8:30 a.m. to 12:30 p.m. Major topics to be covered include the history of handicapped legislation, child advocacy, procedural due process, state and federal regulations, subpoenas, hearings, appeals, hearing officer selections and rules of evidence.

Instructing the course is Dr. Daniel McGregor, associate professor of special education.

Workshop registration continues now through July 21. For more information, call the graduate studies office, ext. 261.

FACULTY NEWS

Dr. Anthony Walsh, professor and chairman of the department of psychology at Salve Regina - The Newport College has been appointed adjunct professor of the Child Study Center at Brown University.

The appointment carries faculty status and provides Dr. Walsh with the use of Brown University facilities and research space to continue his personal study into the history of psychology. His appointment as adjunct professor at Brown is for two years.

SPRING SEMESTER DEAN'S LIST

Two hundred and eighty-seven students met the qualifications for the Spring Semester Dean's List. Congratulations!!

GRATITUDE

Clara Rosa and her family wish to express their deep gratitude to all for the masses, prayers and beautiful expressions of sympathy, concern and support at the time of her father's death, Mr. Frank Mendes.
