Have you been wondering about what's going on at Wetmore? Used only as a soccer field for years, Wetmore, which is located in back of Mercy Hall, is now being reset so that it can also be used for men's baseball and women's softball.

Brother Michael Reynolds, Director of Athletics, commented that the main reason for renovating Wetmore is to build a facility which can house large groups of people, thus allowing more spectators to attend Salve sporting events. "The renovation of Wetmore is not only for the benefit of Salve athletes, but for the entire student population. By building a larger facility we hope to attract more students to the various sporting activities."

Wetmore will not only be used for varsity sports, but various intramural events as well. Completion of Wetmore is expected in time for the upcoming spring season.
