

Letter from Mr. Chaplin to Mr. Goëlet
Arromanches, Calvados, France, Sept. 7th, 1883

Dear Sir,

I received your dispatch September the 3d. I was waiting for a letter from you as you stated, but I hadn't yet received anything. My sketches are finished and I will be able to send them to you when you will have told me where I can do so safely. These sketches painted on canvas will be sent carefully rolled up in a box. As soon as you will have given me your advice and, as I hope, your agreement, I will be able to start working on the final panels. It's a big project and I would like to finish early enough to please you; therefore I would like you to answer me immediately.

Yours sincerely,

Ch. Chaplin
