

Letter from Samson to M. Goëlet,
Paris, the 29th of June, 1883

Mr. Ogden Goëlet, London,

Your letter from the 28th is in my hands with your check for the sum of 5000'. I thank you very much. The repair of the tapestries will be accelerated but in spite of our good will, finishing the work will take between six weeks and two months.

I will notify you of the precise date,

Yours sincerely,
Samson
