SPECTACLE OF TOLERATION
LEARNING FROM THE LIVELY EXPERIMENT
CONFERENCES
"No person shall be any wise molested..."
RELIGIOUS FREEDOM, CULTURAL CONFLICT,
AND THE MORAL ROLE OF THE STATE

OCTOBER 3 – 6, 2013
NEWPORT AND PROVIDENCE, RHODE ISLAND

What is religious toleration? What are its functions, effects, and limits in society?
How has it manifested (or not) in human history?

The 1663 Rhode Island Charter stipulated that no person "shall be any wise
molested, punished, disqualified, or called in question, for any differences in
opinions in matters of religion." This charter famously ignored the "lively ex-
periment" that both reflected and shaped religious and political developments
in the early modern world and has continued to influence global conversations
about the role of toleration and religious freedom. The 350th anniversary
of this charter provides a timely point of entry into the consideration of a far larger
set of questions about religious freedom in historical and present day contexts.
