INTERNATIONAL STUDENT ORGANIZATION

The International Student Organization (ISO) at Salve was formed in 1983-84 when eight concerned students with vision took the initiative to plan for their future and that of the growing population of international students.

The purpose of the organization, as stated in the Constitution, is "to provide a formal structure within the College to effectively express the needs and concerns of international students." Its mission, in keeping with that of the College, is to contribute to the academic, social and cultural atmosphere which will support the growth and development of its members and the greater College community.

Today, the ISO comprises 30 members from fourteen countries. Recent elections resulted in the offices of President and Secretary/Treasurer being filled by Brother Hailamarian Ucbagaber of Ethiopia and Catherine Kinyany of Kenya, respectively.

The organization would like to take this opportunity to publicly thank the former officers Duncan Gunputrav and Ashman Puri for their efforts during their term of office.
